Full front to back duplex on 1 title! Built in 2007 this rare, and smartly designed duplex would be an excellent addition to your real estate portfolio. Both units (#1 front and #2 back) are virtually identical in design being 837 square feet on the main levels, with 1 bedroom up and 2 more down, a full bath up and another full bath down, and an open great room concept. Being a bilevel style there are generously sized windows in the lower levels that allow for lots of natural light. Each unit is separately metered for utilities too.
